

Hamm's Landscaping Launches New Responsive Website

Hamm's Landscaping is able to meet all your landscaping needs from spring lawn cleanups to snow plowing in the winter, to everything in between.

Corning, NY – January 12, 2016

Hamm's Landscaping of Penn Yan, NY has launched a new website designed by creative [web design firm](#), inCommand Technologies.

The website features an updated, modern look, as well as a responsive design. Responsive web design (RWD) is a web design methodology that allows websites to be created for an optimal browsing experience whether the user is on a desktop computer, tablet or smartphone. A major aspect of the new site is the use of a Content Management System, allowing for easy updates to all the content on their website.

About Hamm's Landscaping

Hamm's Landscaping has been designing hardscapes and maintaining lawns around the Finger Lakes Region for more than 30 years. Their experience and meticulous eye for detail on projects is why their clients return and recommend them to their family and friends. They understand the importance of complete customer satisfaction and believe in getting the job right the first time.
